...

In this regard, one belief that should be dispelled is that with attention affect is just making students feel good. Nothing is further from the truth. Hooper-Hansen (1999) has stressed that teaching which is concerned with affect and based on humanistic, holistic principles must be extremely rigorous.

...

The thing with bad attitude is that it tends to spread which is the reason why you must take care of the problem and address it as quickly as you can. Having a bad attitude can have a huge effect on the business or the workplace that you are in. Bad attitudes may also trickle downwards.

Effects of Positive and Negative Attitudes in the ...

Your attitude impacts every aspect of your life. Almost all the "attitude issues" I have dealt with over the years, including my own, are the result of allowing someone or something else to control behavior. That is a big problem. No one else is responsible for your attitude. You are! Be a Responsible Leader. You might be thinking, "Ha!
