Mission style, type of furniture popular in the United States during the turn of the 20th century. The furniture, distinguished by its simplicity of materials and design, arose out of the Arts and Crafts-inspired movement led in the United States by Gustav Stickley. Makers of this type of furniture shared a belief in the social virtues of good design and handcraftmanship.

Mission style | furniture | Britannica

The main style will be represented in 80% of the space, and 20% will be the other style. I suggest that you start by looking at the big ticket or larger items in the room (the ones that would be hard to replace) and let those be your 80%. For example, my home decor style definition is comfortable-modern-traditional. So for the larger ticket ...

How to Make Mission Style Lamps and Shades by Popular ...

The mission came as the maritime branch was struggling to prove its reason for existence in 2008. Several U.S. Navy programs also made use of “covered” maritime assets, meaning ships that hid behind commercial cover. The CIA’s maritime branch was essentially in competition with the Navy, and this mission would help prove its worth.
