Paradoxes of Delusion. Wittgenstein, Schreiber and the Schizophrenic Mind. Louis A. Sass. A book review by Gyrus/Posted 24 May 2008. Psychoanalyst Sándor Ferenczi once said, "Pure intelligence is ... in principle madness.". In the face of this acute insight into the overriding quality involved in insanity, argues Louis Sass, we have persisted in falsely opposing reason and madness.

The Paradoxes of Delusion by Louis A. Sass

Rather the use being made of Wittgenstein is to get access to the paradoxes of delusion of the schizophrenic mind (as Louis A Sass writes in his book with the same title) from the inside. In short, the use is to increase one's empathy with the so-called schizophrenic mind. This is a high bar.

Wittgenstein, Schreber, the Schizophrenic Mind, and the ...

The Paradoxes of Delusion: Wittgenstein, Schreber, and the Schizophrenic Mind Paperback – 1 Jun. 1995 by Louis A. Sass (Author) 4.5 out of 5 stars 4 ratings

The Paradoxes of Delusion: Wittgenstein, Schreber, and the ...

The Paradoxes of Delusion is the shorter and, in the technical sense, more philosophical work. In it Sass explores the idea that 'madness ... is the end-point of the trajectory [that]consciousness follows when it separates from the body and the passions, and from the social and practical world, and turns in upon itself.'

In addition to Madness and Modernism, he is the author of The Paradoxes of Delusion: Wittgenstein, Schreber, and the Schizophrenic Mind, and of many articles on schizophrenia, phenomenological...

Madness and Modernism: Insanity in the Light of Modern Art ...

In Paradoxes of Delusion, Sass aims to use passages from Wittgenstein to characterize the feeling of "mute particularity" that forms a part of delusional atmosphere. I argue that Wittgenstein's discussion provides no helpful positive account. But his remarks on more everyday cases of the uncanny and the feeling of unreality might seem to promise a better approach via the expressive use of words in secondary sense.

Delusional Atmosphere, the Everyday Uncanny, and the ...

A Wittgensteinian way with paradoxes tackles some of the classic philosophical paradoxes that have puzzled philosophers over the centuries and explores how they can be dissolved using the 'therapeutic' method of Wittgenstein, according to the 'resolute' reading of the latter's work.

A Wittgensteinian way with paradoxes (eBook, 2013 ...

author of The Paradoxes of Delusion: Wittgenstein, Schreber, and the Schizophrenic Mind Fascinating and convincing. This book makes a central contribution to Wittgenstein studies.
